SOURCE The following information was obtained on Polish Army units in KOESLIN (O 55/M 45) and STOLP (P 55/W 08):

1. KOESLIN23 October 1949

a. A shipment of four trucks and personnel for the 32d Inf Regt coming from SKIERNIEWICE (Q 52/P 45).

b. Nine AA guns and seven small guns, presumably AT guns, were observed behind the kasernen on Red Army Street. A troop training area was being set up near the kasernen.

2. STOLP

a. The 9th Tank Regt has been quartered in the restored kasernen since the Summer of 1949.

Early November 1949

b. It was learned that more tank units and air force units were expected to arrive in STOLP.

Field Comment:

a. The transfer of the 32d Inf Regt from SKIERNIEWICE to KOESLIN was reported by the same source in June 1949. The report therefore does not constitute a definite confirmation of the transfer of the regiment and the entire 8th Inf Div from the LODZ area to Pomerania in the Summer of 1949.

b. The 9th Tank Regt was identified in STETTIN up to September 1948. It was previously assumed that the regiment was possibly transferred to ARNSWALDE +. However, the credible report indicates that the 9th Tank Regt (of the 2d MD) is now stationed in STOLP.
